FUNDS PROTECTION

Our institutional partners are paramount to us, it means that we act in the best interest of our clients on every stage of the execution. All institutional partners benefit from working with a counterparty operating under a strong regulatory framework.

Regulated entity

Our group is listed on the Warsaw Stock Exchange. As a public company, we are obliged to full transparency and our corporate actions are granularly audited by PWC, E&Y auditors. We fully incorporate the best execution requirements in accordance with MiFID requirements.

Global company

Our capital group has a proven track record as a B2B provider and has a strong global presence in over 20 countries.

Trusted partner

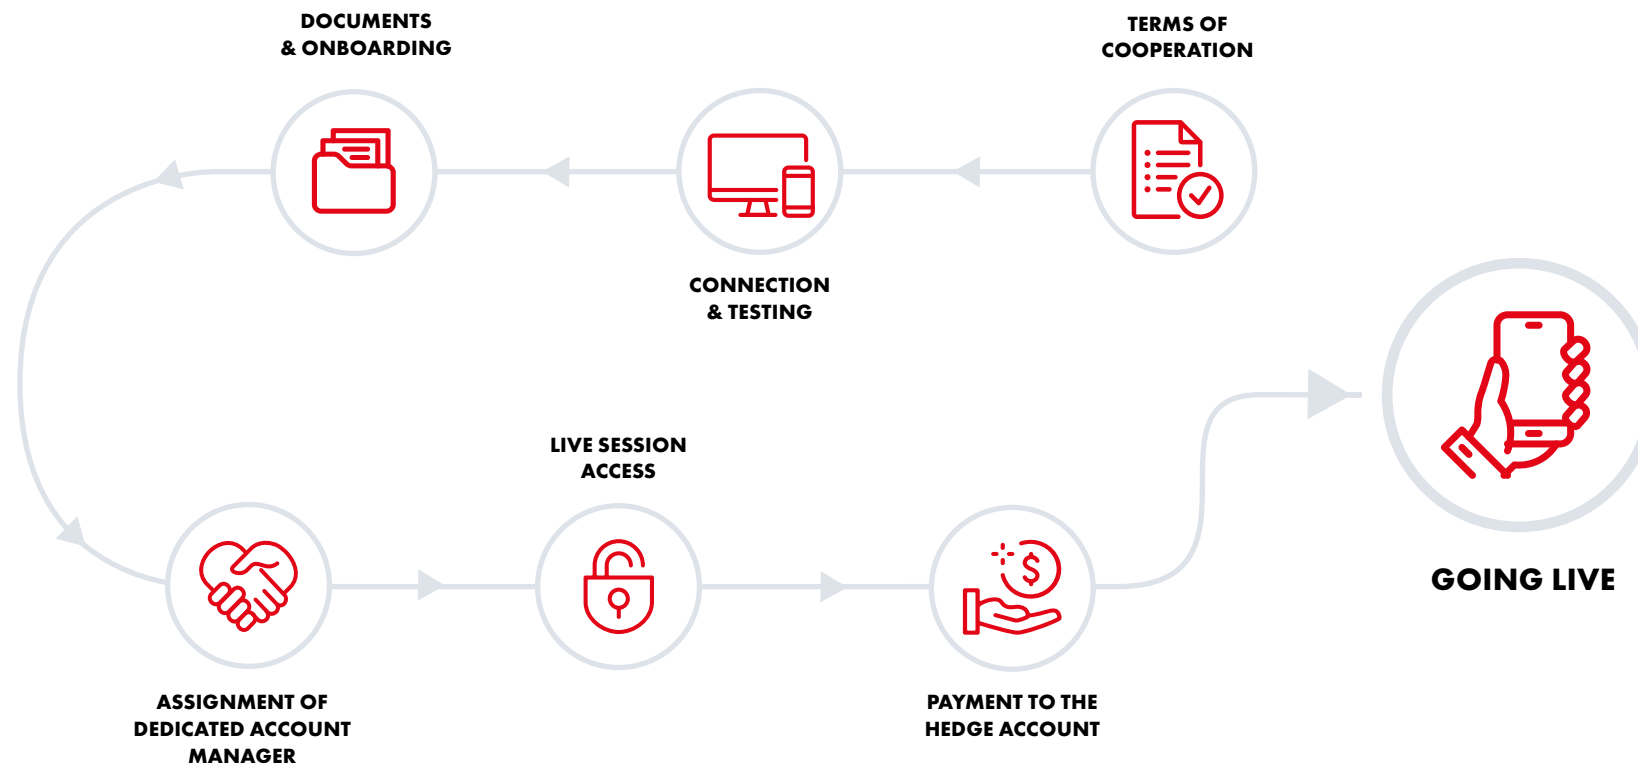

We have over 15 years of experience in providing world-class trading services. We cooperate with over 120 partners from all around the world.

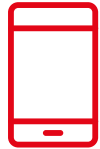

Segregated accounts

This measure ensures that the company can never interfere with institutional client funds, and all funds are kept separately from company operational funds.
